

# Uli Hauschild

Obtained his degree in Dental Technology in Germany and successfully runs his laboratory in Sanremo, Italy since 1985. Specialized in esthetic and functional prosthesis, he serves an international clientele and looks back on a founded scope of experience with different systems of computer aided implantology. The last years his primary aim was the combination of guided implantology and digital dentistry to obtain a complete digital workflow.

In order to share his knowledge, he gives lectures in post-graduate and master programs at the universities of, Genoa, Frankfurt, Padua, Tuscany, Milan and Varese.

From 2019 he starts working like Senior Academic Advisor at the Department of Postgraduate Education Faculty of Oral and Dental Medicine at J.W. Goethe-University Frankfurt am Main.

He also publishes in various scientific and professional journals. He is part of the editorial board of *Cone Beam Dentistry, the international magazine* and is senior editorial reviewer of *Implant Dentistry, the international journal of oral implantology*.

Uli Hauschild has been a speaker for numerous organizations including the Digital Dentistry Society (DDS), the Computer Aided Implantology Academy (CAI), the International Congress of Oral Implantologists (ICOI), the German Society of Oral Implantology (DGOI), the European Association of Dental Implantologists (EDI) and the European Association of Dental Technology (EADT).

He was Vice President of the Digital Dentistry Society (DDS), Advisor board of DGOI and Certified Speaker DGOI, Member of the International Dental Excellence Laboratory Group, Mentor of Simplant Academy, Präsidium of PEERS Germany 17/18, an expert of the Dental Online College and obtained Fellowship and Mastership status of the ICOI. One of his case presentations received the PEERS price in 2015.

Both nationally and internationally, he regularly delivers presentations on implant dentistry, digital dentistry and computer guided implantology. As one of the pioneers of computer aided implantology, Uli Hauschild became opinion leader and beta-tester for market leading suppliers.
