- **September 2010 - July 2015:** Leonardo da Vinci Scientific High School, Genoa.

Research interests

My research interests embrace business studies and strategic management. Specifically, my research project aims to unveil some unknown sides of big data analytics capability to explain the dynamics of action of data-driven small and medium enterprises in hostile environments. Despite my attention toward business studies and strategic management, I have other research interests. They refer to but are not limited to tourism management and smart cities.

Participation in national and international congresses, conventions, and seminars

- **Participation as an author:** Penco, L., Ivaldi, E., and Ciacci, A. (2022). Covid-19 and the Strategic Responses to Crises: A Conceptual Model. The 15th Annual Euromed Academy of Business Conference, September 21st-23rd, 2022, Palermo, Italy.
