

## Curriculum Vitae: Federico Figari Tomenotti

### Personal information

Skype

Whatsapp, Telegram

Linkedin

Sex | Date of birth 14/04/1995 | Nationality

**Position preferred:** Teaching Assistant

---

### Work Experience

January 2023 – March 2023

**VISITING RESEARCHER** at *Imagine Lab at Ecole des Ponts, Paristech*

Supervisor: [Gul Varol](#)

Main topic: Semantic Action Anticipation and Prediction using deep learning architectures.

2022 Academic Year 2022-23

**TEACHING ASSISTANT** at *DIBRIS Università degli Studi di Genova, courses:*

- *Advanced Machine Learning, at the Msc in Computer Science*
- *Fondamenti dell'elaborazione di Segnali ed Immagini (Signal and Image Processing), at the Bsc in Computer Science*

2021 Academic Year 2021-22

**TEACHING ASSISTANT** at *DIBRIS Università degli Studi di Genova, course:*

- *Algoritmi e Strutture Dati (Algorithms and Data Structure), at the Bsc in Computer Science*

November 2020 – Present

**PHD STUDENT IN MACHINE LEARNING & COMPUTER VISION** at *Machine Learning Genoa Center (MaLGA)*

PhD in Computer Science at *Università degli Studi di Genova*

Supervisor: Nicoletta Noceti

Main topic: human motion understanding, and human activity recognition-prediction with cognitive methods.

Other topic of interests: graph networks, representations in machine learning

July 2020 – November 2020

**ICT SOLUTION ARCHITECT** PRE-SALES & DELIVERY at *TIM, Gruppo Telecomitalia. - Genova, Italy*

Activities: IT Project Engineer focused on Cloud solution, Cloud design and migration.

Role: Pre-sales design of customised IT solutions.

September 2019 – December 2019

**ERASMUS+ RESEARCH INTERNSHIP** at *UiT The Arctic University of Norway. - Tromsø, Norway.*

Thesis research: Remote sensing for Earth Observation, deep learning.

Thesis: "*Heterogeneous Change Detection on Remote Sensing Data*".

Activities: problem formulation, code developing and experiments, submission of research paper at IGARSS<sub>2020</sub>

September 2017

**UNDERGRADUATE INTERNSHIP** at *OnAir srl, Genoa Italy.*

Activities: Matlab coding for a case study problem on operative research.

Sector: R&D, machine learning, artificial vision, operative research.

---

## Education

September 2017 – March 2020

**MASTER'S DEGREE IN TELECOMMUNICATIONS ENGINEERING awarded cum laude (LM-27):** Multimedia and Internet Engineering. *Università degli Studi di Genova.*

Erasmus+ Internship at UiT The Arctic University of Norway.

Main subjects covered in Master:

- Image Processing and Recognition
- Remote Sensing and Satellite Images
- Mathematical methods and Operations
- Cognitive Telecommunication Systems
- Research

Extra Modules in Master:

- International Development Cooperation
- Public Speaking: public and business communication

September 2014 – October 2017

**BACHELOR'S DEGREE IN ELETRONICS ENGINEERING awarded cum laude:** Electronics Engineering and Information Technology. *Università degli Studi di Genova.*

September 2016 – December 2016 Erasmus+ at University College Cork, Ireland.

---

## Personal Skills

**Languages:** Italian, English (C1, Cambridge Advanced in English Certificate), French (base user).

**Application software:** Microsoft Office Suite, Matlab.

**Programming languages:** Assembly, C, C++, C#, Python, Matlab, (TensorFlow, Keras, Pytorch).

**Software and Hardware:** Arduino (or microcontroller) implementation, Linux user.

**Communication:** Good communications skills acquired in teamwork in university's projects and working as a private teacher for high-school students.

**Organisational skills:** Optimal organisational skills acquired planning and organising trips, voyages and activities for groups of 30/50 people as head of volunteers in parish activities. Knowledge of organising my own work, which has always been reflected in my student life scheduling exams and internships, completing all on time.

---

## Publications

Tomenotti, F. F., Luppino, L. T., Hansen, M. A., Moser, G., & Anfinsen, S. N. (2020). Heterogeneous change detection with self-supervised deep canonically correlated autoencoders. In *IGARSS 2020-2020 IEEE International Geoscience and Remote Sensing Symposium* (pp. 680-683). IEEE.

Cantarini, G., Tomenotti, F. F., Noceti, N., & Odone, F. (2022). HHP-Net: A light Heteroscedastic neural network for Head Pose estimation with uncertainty. In *Proceedings of the IEEE/CVF Winter Conference on Applications of Computer Vision* (pp. 3521-3530).

---

## Conference Presentations

WACV2022 - HHP-Net: A light Heteroscedastic neural network for Head Pose estimation with uncertainty.

---

## Reviewer for:

Pattern Recognition

IEEE Transactions on Geoscience and Remote Sensing

---

## Prizes

"Premio Nazionale di Laurea "Eugenio Zilioli" - 16a Edizione (2020)" - Best Italian Master Thesis in Remote Sensing, edition 2020.

---

## Interests and hobbies

Volunteering with homeless and children

Science enthusiast

Green economy lover

Photography and editing

Trekking and sports lover

Timekeeper at FICr

---
