ANDREA PONTE

COMPUTER ENGINEER

PROFESSIONAL PROFILE

I'm an enthusiastic computer engineer specialized in the fields of Artificial Intelligence, Data Science and Smart Industries. I keep abreast of research progress, always keen to update my skills and I'm curiously interested in acquiring new ones. I am willing to travel to enrich my wealth of experience and knowledge.

WORK EXPERIENCE

Internship

Damen Schelde Naval Shipbuilding, Vlissingen, Netherlands

March 2023 - August 2023

Internship for master thesis development, regarding machine learning models used to accelerate CFD simulations.

Internship

Jellyfish Solutions s.r.l., Genoa, Italy

March 2022 - July 2022

EDUCATION

Ph.D.

University of Genoa, Genoa, Italy
November 2023 - Ongoing
Cybersecurity and Reliable Artificial Intelligence

Master's Degree

University of Genoa, Genoa, Italy
September 2021 - October 2023

Computer Engineering - Artifial Intelligence and Human-Centered Computing
110/110 Cum Laude

Master's Degree

Universitat Politecnica de Catalunya (UPC), Barcelona, Spain
September 2022 - October 2023

Interdisciplinary and Innovative Engineering
9.12/10

Bachelor's Degree

University of Genoa, Genoa, Italy
September 2018 - September 2021

Computer Engineering

SKILLS

- Team Work
- Leadership and Project Management
- Software Engineering
- Artificial Intelligence
- Data Science

LANGUAGE

- Italian (mother tongue)
- English (proficient user)
- Spanish (basic user)

DRIVING LICENSES

- A1
- B
