

CURRICULUM VITAE ILARIA RIGO

Current employment: Post-Doctoral fellow at University of Genoa, Department of Earth, Environmental and Life Sciences (DISTAV)

Education and training

April 22, 2022: Ph.D on Science and Technology for the Environment and the Territory (curriculum Sea Sciences) at Genoa University, Department of Earth Sciences of the Environment and Life, C.so Europa, 26, 16132 Genoa

Thesis title: Assessment of the natural capital and ecosystem services along Ligurian coast: distribution, quantification and dependence on external forcing factors (Supervisor: Prof. Paolo Vassallo)

Evaluation and quantification of the spatial distribution of the natural capital value and environmental flows along the Ligurian coast, also analyzing the influence of some natural and anthropogenic variables on values distribution. Application of systemic methods (QGIS spatial analysis, emergy analysis, Random Forest, questionnaire survey).

September 24, 2018: Master's Degree on Science and Technology for the Environment and the Territory - Marine Sciences at Genoa University, Department of Earth Sciences of the Environment and Life, C.so Europa, 26, 16132 Genoa

Thesis title: Ecological indices for the health assessment of *Posidonia oceanica* (L.) Delile meadows in the East of Liguria region (Supervisors: Prof. Paolo Vassallo – Dr. Alice Oprandi - Dr. Carla Morri)

Grade: 110e cum laude

Study of the health status of five *Posidonia oceanica* meadows along the Ligurian coast through a multilevel approach according to ecological complexity (i.e., species, population, community, landscape, natural capital) and consistency evaluation among the responses these descriptors provide. Assessment and quantification of the natural capital value through the application of emergy analysis.

February 25, 2016: Bachelor's Degree in Environmental Science and Technology at Milano Bicocca University, Piazza della Scienza, 3, 20126 Milan (MI)

Thesis title: Ecosystem services provided by soil: assessment using expeditious methods (Supervisor: Dr. Roberto Comolli)

Grade: 93/110

Training internship for the project "RiconnettiMi-Perchè un riccio passi per il nord Milano", financed by the Cariplo Foundation, which proposed to protect and increase biodiversity in Milan, realizing ecological connections. Pedological surveys were carried out to assess the functionality of some ecosystem services provided by the soil.

Professional experiences

May 2, 2023 - ongoing: Post-Doctoral fellow at Genoa University, Department of Earth Sciences of the Environment and Life, C.so Europa, 26, 16132 Genoa

Title: **Research for the restoration of *Ericaria amentacea* in Ligurian Sea: habitat suitability and maximization of natural capital** (Project title: LIFE REEFOREST)

May 2, 2022 - May 1, 2023: Post-Doctoral fellow at Genoa University, Department of Earth Sciences of the Environment and Life, C.so Europa, 26, 16132 Genoa

Title: **Environmental sustainability assessment of coastal municipalities in the Gulf of Tigullio: analysis of the effects of natural capital and ecosystem services** (Project title: call for European design incentives – BIPE)

November 1, 2021 – May 1, 2022: Postgraduate scholarship at inter-university consortium for the sea sciences (CoNISMa) - Consorzio Plemmirio di Siracusa – Ente gestore dell'Area Marina Protetta Plemmirio

Title: **Data collection and processing for qualitative and quantitative assessment of the natural capital and ecosystem services provided by the MPA; Statistical analysis and processing of information collected; Estimation of the value of ecosystem services provided by the MPA; Updating the MPA's environmental accounting system** (Project title: Plemmirio environmental accounting V)

May 2021: Occasional collaborative assignment at inter-university consortium for the sea sciences (CoNISMa) and the Department of Sciences of the Earth, Environment and Life (DISTAV) of the University of Genoa

Title: **Update of environmental accounting budget** (Project title: Reanalysis and updating of natural capital information through sampling - Plemmirio MPA)

October 1, 2018 - October 31, 2021: PhD in Science and Technology for the Environment and the Territory (Sea Sciences curriculum) at University of Genoa, Department of Earth Sciences of Environment and Life (DISTAV), C.so Europa, 26, 16132 Genova (GE)

May 2018: 21st Science Cruise in Maldives collaborating with the Department of Earth, Environmental and Life Sciences (DISTAV) and the international school for scientific diving (I.S.S.D.), Albatros Top Boat
Coral reef monitoring activities: data collection about cover of biotic descriptors and bleaching consequences.

September - December 2017: Internship at the Portofino Marine Protected Area

Monitoring activities of the San Fruttuoso bay concerning bathing and boating. Administration of questionnaires to bay users to develop method to assess the ecosystem services values.

April 2017: Dissemination activities in marine biology ("Sea Project," by Gianpietro Sara), La Spezia
Topics: fishing, aquaculture and exploitation of renewable resources offered by marine ecosystems.

February - March 2013: Tropical Marine Ecology Internship in the Maldives (Faafu Atoll) collaborating with the Department of Biology, University of Milano Bicocca (MaRHE - The Marine Research and High Education Center)
Coral reef monitoring at Magoodhoo Island, through snorkeling: sampling and visual census through transects (LIT, PIT, BELT), cover estimation of seagrasses and algae (Thalassia, Padina), corals shapes (Acropora, Pocillopora).

Teaching activities

February 26, 2024 – May 1, 2024: Teaching support assignment on "Applied Ecology" (6 hours) - Master's Degree Course (10589) - Conservation and Management of Nature (class LM-60), Department of Earth, Environmental and Life Sciences (DISTAV), Genoa University

Topics:, practical applications for their assessment and quantification of the natural capital and ecosystem services in terrestrial environment with the software QGIS support.

April 17, 2024: Lesson named "Let's sustain our future!" for the UnigeSenior project (Genova).

Topics: sustainability definition, sustainability concept history.

February 15, 2024: Lesson named " Environmental sustainability: what steps forward we have made " for the institute of higher education Duchessa di Galliera for the PCTO project (Genova).

Topics: sustainability concept, sustainability assessment, definition and calculation of ecological footprint.

September 1, 2023 – February 29, 2024: Teaching support assignment in English language on "Marine biodiversity management" (10 hours) - Master's Degree Course (98248) - for the integrative activity 'Natural capital and ecosystem services assessment' as part of the Environmental engineering degree (LMG 10720) - DICCA, Genoa University
Topics: definitions of natural capital, ecosystem functions and services, practical applications for their assessment and quantification of the natural capital of *Ericaria amentacea* forest and the environmental cost associated to restoration interventions of *Ericaria amentacea* species.

February 28, 2023 – April 28, 2023: Teaching support assignment on "Applied Ecology" (8 hours) - Master's Degree Course (10589) - Conservation and Management of Nature (class LM-60), Department of Earth, Environmental and Life Sciences (DISTAV), Genoa University

Topics: definitions of natural capital, ecosystem functions and services, practical applications for their assessment and quantification of the environmental cost associated to restoration interventions of keystone species.

October 6-11-13, 2022, October 11-14-18-21, 2021 and October 6-7-8, 2020: Online teaching on "Ecology and Economics (SEE)" VI edition, Asinara National Park - Marine Protected Area, Department of Economic Sciences and Business (DiSea) of the Sassari University, inter-university consortium for the sciences of the sea (CONISMA), Department of Earth, Environmental and Life (DISTAV) of the Genoa University

Topics: basis of ecology, sustainability concept, environmental accounting, methodologies tools and actions aimed at quantifying the physical and monetary value of the natural capital and ecosystem services.

March 23 - May 27, 2022 and May 4, 2021: Online teaching for ISPRA environmental training lessons "Tools regulatory and methodological tools for the Governance of Transplantation of *Posidonia oceanica* in the context of Environmental Assessments (VIA and Vinca)", Istituto Superiore per la Protezione e la Ricerca Ambientale (ISPRA), Via Vitaliano Brancati 48, Rome, 00144

Topics: application examples of methods for the monetary assessment of impacts on *Posidonia oceanica* meadows through the study of natural capital and ecosystem services in order to achieve proper management of impacts.

May 11, 2021: Online teaching for seminary "Let's sustain our future!" for the institute of higher education Aldini Valeriani (Bologna) - National Scientific Degrees Plan Project.

Topics: sustainability concept, sustainability assessment, definition and calculation of ecological footprint.

March 19, 2021: Online teaching for Master's program "Marine tourism guide" (ARGE19-383/7/1), Accademia del turismo s.c.r.l., Lavagna (GE), Italy

Topics: basis of ecology, concept of sustainability, environmental accounting, methodologies tools and actions aimed at quantifying the physical and monetary value of the natural capital and ecosystem services.

October 8-11, 2019: English teaching for Master's degree GILVHA (Gestion de l'Environnement parcours Gestion Intégrée du Littoral et Valorisation Halieutique), Universite De Corse Pascal Paoli, France

Topics: environmental accounting at Marine Protected Areas in the context of the project GIREPAM, methodologies and tools to quantify natural capital and its variations as a function of natural and anthropogenic variables, applications examples of it on *Posidonia oceanica* meadows.

Supervisor of 7 master dissertations and one doctoral dissertation.

Participation in examining committees

June 1, 2023 – ongoing: Member of the examination committee on "Applied Ecology," activated at the University of Genoa, master's degree program 10589 Conservation and Management of Nature (class LM-60).

Abroad experience

May 25, 2024 – August 25, 2024: Winner of the Antonio Moroni award financed by the Società di Ecologia Italiana (SItE) for stays abroad in qualified foreign research centres in the field of theoretical and applied ecology Collaboration with the research group Food Web Ecology laboratory at Helmholtz-Zentrum für Umweltforschung (UFZ) in Magdeburg (Germany). Working on the project proposed for participation in the Antonio Moroni Award entitled 'Shall we invest in river restoration? Bridging the gap between status biomonitoring and functioning quantification to communicate restoration success'. This involved learning techniques for assessing and monitoring the ecological status of the river Ecker (north-west Germany) through field sampling of communities (e.g. moss, biofilms, macroinvertebrates) and collecting data necessary for the application of emergy to compare the results obtained for the ecosystem functions of the river using both classical and biophysical methods. The study was carried out as an independent project within the RESTOLINK project, as it involves the comparison of control areas, barrier-impacted areas and restored areas.

October 7, 2019 - October 13, 2019: Visiting period for collaboration with the équipe Ecosystèmes Littoraux (Université De Corse Pascal Paoli, Faculté des Sciences et Techniques, Corte, Corsica) to carry out assessments of natural capital and ecosystem services provided by *Posidonia oceanica* meadows.

March 31, 2019 – April 5, 2019: Participation to the Rotary exchange program at GIS Posidonie - Institut Pythéas (Aix-Marseille Université, Campus de Luminy, OCEANOMED IOA/IRPHE/MIO, case 901, 13288 Marseille cedex 09) to learn data acquisition techniques to assess the health status of marine habitats (i.e., *Posidonia oceanica* meadows, coralligenous and coastal detrital environments), application of the EQB (Ecosystem Based Quality) index and to learn using GIS (Geographic Information System) to map coastal marine habitats.

Involvement in research projects

September 1, 2022 - ongoing: LIFE21-NAT-IT-REEForest/101074309 (Restoration of Cystoseira macroalgal FORESTs to enhance biodiversity along Mediterranean rocky REEFs)

January 1, 2020 - July 1, 2022: Maritime interreg project Italy-France 2014-2020 NEPTUNE (PatrimoNio naturalE e cultURale sommerso e gestione sosteNibile della subacquea ricreativa)

November 1, 2019 – April 1, 2022: Interreg Mediterranean project MPA NETWORKS (Support MPA effectiveness through strong and connected networks in the Mediterranean).

January 1, 2019 - November 11, 2019: Maritime interreg project Italy-France 2014-2020 GIREPAM (Gestione Integrata delle Reti Ecologiche attraverso i Parchi e le Aree Marine)

2014 – ongoing: Contabilità ambientale nelle Aree Marine Protette Italiane (Ministero dell'Ambiente e della Sicurezza Energetica)

Participation in national and international conferences

Membership in Scientific societies

2024-ongoing: Società Successione Ecologica with board participation

2022 - ongoing: Società Italiana di Eologia (S.It.E)

2021 - ongoing: International Society for the Advancement of Emergency Research (ISAER)

2021 - ongoing: Società Italiana di Biologia Marina (SIBM)

2020 - 2021: Italian Life Cycle Assessment (LCA) Network Association

Knowledge of foreign languages

Italian (native language); English (B2-European Level); Spanish (elementary)

Computer skills

Excellent knowledge of office package (Excel, Word, Power Point), good knowledge of ESRI software (version: Arcview, Arceditor, Arcinfo) and GIS systems (web-gis), R software and basic knowledge of Ocean Data View software

Diving licences

December 2018: 2nd Degree ARA - Two Stars Diver br. #36648 - FIPSAS diving licence, Assoc.Sport.Dilett.Sesto

Continente, Monza-Via Murri 37 (MB), Italy

April 2018: Nitrox Diver br. #65600 - SDI TDI diving licence, Inst. Monica Montefalcone (GE), Italy

June 2016: Open Water br. #02857 - FIPSAS diving licence, Assoc.Sport.Dilett.Sesto Continente, Monza-Via Murri 37 (MB), Italy
